Baptist Missionary Offerings

According to the report just made by Dr. W. D. Powell, Corresponding Secretary of the Kentucky Baptist Association, State contributions for Foreign Missions this year netted \$47,250, which is \$3,250 in excess of the amount set aside by the Southern Baptist Convention as a just apportionment for this State. Home missions, however, fell below the apportionment, contributions netting \$29,510, while the Convention asked for \$32,000.

Acted Too Fresh

Flemingsburg Gazette.

Tuesday of last week a couple of well dressed young men came here as agents for a hand vacuum cleaner. They put up at a boarding house, and the following day began acting in a very fresh manner on the street toward young ladies who happened along. They would give their cards to a young woman, ask her name and act in a very unbecoming manner. On Wednesday evening they approached several young ladies going to church and became so annoying that considerable indignation was aroused and complaint was made to Marshal Cassidy. Thursday morning the Marshal notified the fresh young men to leave town or submit to arrest, and they decided to leave. He drove them to the depot, but the train had just pulled out, so he continued on to the water tank, where the strangers were put on board for other parts. The young men evidently had not been about enough to know how to act.

BOLD HOLD-UP

Highwaymen Pull Off Two Successful Jobs Last Night

Andrew Goddard, one of Fleming county's leading horse dealers and stockman, was here yesterday on business affairs, and after closing up the transactions of the day started for home after nightfall. He was traveling by vehicle and had reached a point about four miles South of this city on the Mt. Carmel pike, when three men suddenly appeared in his path, and while one man caught his horse's bridle and stopped the buggy, the other two, one on each side of the vehicle, demanded that he alight and give up his wealth. He refused the demand, but was taken from his buggy by force, and badly treated and roughly handled.

The highwaymen, after relieving him of all his possessions, including a watch and \$3 in cash, left him on the roadside, and taking his buggy they drove back to the Cemetery, where they hitched the horse to a fence, and, it is supposed, cut across to the coal docks, where they boarded a freight train and made good their escape.

Mr. Goddard, after fully recovering from the shock he received on the head, retraced his steps and found the horse and buggy where the thieves had left it.

He came on to town remaining over night and left for home this morning.

Last night, near 11 o'clock, as Mr. Lou

Roser was about entering the alley in Limestone street, leading to the rear entrance of his residence in Front street, he was pounced upon and thrown down by two men who relieved him of a fine gold watch. He failed to recognize his assailants.

See notice elsewhere of C. and O. Sunday excursions.

The alarm of fire last evening was a false report. It gave the Department a run and considerable trouble, however. Somebody will pay a fine yet, for their fun.

Ashland Independent—Mrs Rebecca Backler of Mason county, who has been spending the winter with her cousin, Mrs. H. A. Greiger, in South Ashland, left this afternoon for a visit with Lexington relatives.

OLD PEOPLE

A prominent Boston lawyer says: "My father is eighty years of age and he owes his present strength and good health to Vinol."

"During the last two trying winters he never had a cold, and was able to walk farther and do more than for years."

"I think Vinol is perfectly wonderful. It certainly is the greatest blood-making and strengthening tonic for old people I ever heard of."

We wish every feeble, old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. John C. Peacor, Druggist, Maysville, Ky.

Short-Length Linoleums, Oilcloths and Matting

Every housekeeper has use for one or several pieces, and today the prices are so little that it seems almost like giving the goods away—particularly in the shorter pieces. That is why the response will be so prompt and enthusiastic, and the warning to be early is so necessary. There are over three hundred yards of Linoleums and Oilcloths, in lengths varying from 1 to 7 yards, at prices according to length and quality. Most of the goods are perfect, though a few are a trifle damaged from handling, and priced accordingly. Matting in short lengths will be sold very cheap. None of these remnants can be cut, neither are they returnable, as the object in making the prices so low is to clean up stock effectually. Bring size of rooms to save delay and disappointment.

Street Construction Ordinance

An Ordinance, Ordering the Original Construction of a Permanent Macadam Street, With Bituminous Binder, on Third Street, From the West Margin of Wall Street to the West Margin of Lower Street; and on West Second Street, From the West Property Line Extended of the Maysville Manufacturing Company's Plant to the East Margin of the Culvert Over Beasley Creek; and on Fourth Street, From the East Margin of Market Street to the East Margin of Plum Street; and on Bridge Street and East Second Street, From the North Margin of Third Street, Thence With Bridge Street and East Second Street to the West Margin of Union Street; and on Limestone Street, From the South Margin of Third Street to the North Margin of Second Street; and on Market Street, From the North Margin of Second Street to the North Margin of Front Street; and on Sutton Street, From the North Margin of Front Street to the North Margin of Third Street; and on Wall Street, From the South Margin of Second Street to the North Margin of Third Street, and Concrete Curb, Except Where Heretofore Constructed, in the City of Maysville, Ky., on the Ten-Year Bond or Payment Plan.

Be it ordained by the Board of Council of the City of Maysville as follows:

SEC. 1. That the following streets and parts of streets in the City of Maysville be improved by original construction by constructing a permanent macadam limestone street with bituminous binder, from the inner line of curbing on the outer side of the pavements thereon for sidewalks, and concrete curb, but so as to include the curbing on both sides of said streets, except where heretofore constructed, between the lines thereof, as follows:

On Third street, from the West margin of Wall street to the West margin of Lower street; and on West Second street, from the West property line extended of the Maysville Manufacturing Company's plant to the East margin of the culvert over Beasley creek; and on Fourth street, from the East margin of Market street to the East margin of Plum

street; and on Bridge street and East Second street, from the North margin of Third street thence with Bridge street and East Second street to the West margin of Union street; and on Limestone street, from the South margin of Third street to the North margin of Second street; and on Market street, from the North margin of Second street to the North margin of Front street; and on Sutton street, from the North margin of Front street to the North margin of Third street; and on Wall street, from the South margin of Second street to the North margin of Third street, with concrete curb, except where heretofore constructed, in the City of Maysville, Ky.

SEC. 2. That the same be constructed in accordance with the plans and specifications on file at the office of the Mayor of the City of Maysville, which are now referred to and adopted and made part of this ordinance and attached hereto.

SEC. 3. The construction of each of said streets, except as hereinafter provided, shall be at the exclusive cost of the owner or owners of lots and parts of lots of land fronting or abutting or bordering thereon, which cost shall be apportioned by the Board of Council to said lots according to the number of front feet thereof abutting on said streets respectively.

The cost of constructing the street and alley intersection from curb to curb shall be borne by the City of Maysville and paid in the same manner as heretofore provided for other property owners.

SEC. 4. The accepted bidder shall execute bonds to the City of Maysville in a sum with good and sufficient security, equal to 25% of the contract estimate, to be approved by the Board of Council of said city, for the faithful performance of his contract, and further conditioned that said construction will be of such quality of material and such grade of workmanship as to remain in a substantially good condition for a period of two years after its acceptance, and further that he will indemnify said city against any and all loss sustained by reason of his negligence or defective construction. And the contractor shall within ten days begin his work under said contract, and shall complete the same without delay.

SEC. 5. When the work is completed in accordance with the contract and specifications, the work shall be received by the said City Council upon a certificate from the City Engineer and Street Paving Committee, stating that the work has been done according to contract and specifications, and the said City Engineer shall apportion the cost of said improvement against the lots or grounds abutting or bordering the improvements, and any owners of the lots or grounds abutting or bordering the improvements desiring to settle in cash for the improvement assessed against them, may within thirty days after the adoption of the apportionment, pay the amount assessed against them to the City Treasurer, who shall place the money in the "Street Improvement Fund." At the expiration of thirty days after the adoption of the apportionment, the Treasurer shall report to the Council the amount of cash received, from whom and upon what lots it is paid, and the Council shall order the Mayor and City Treasurer and Chairman of the Ways and Means Committee to advertise Street Improvement Bonds for sale to cover the unpaid balance, together with all the expenses attending the issue and sale of said bonds, including the advertisement, cost of printing bonds, etc., said bonds to bear interest at the rate of 6% per annum, and when the bonds shall have been sold, the money realized therefrom shall be placed in the "Street Improvement Fund," and an order drawn against said fund in favor of the contractor, for the entire amount due him, including interest at the rate of 6% per annum, from the time the work was accepted by the City Council to the date of payment to him.

SEC. 6. That within thirty days after the advertisement for the sale of said Street Improvement Bonds, it shall be the duty of the Mayor to issue the bonds of the city, which shall be signed by the Mayor and City Clerk with municipal seal impressed thereon and interest coupon attached, payable semi-annually at the rate of 6% per annum, said bonds shall be issued in denominations of five hundred dollars (\$500) each, payable ten years after date, provided, however, that said bonds may be redeemable at the option of the city at any time before maturity by paying the face of the

bond with accrued interest to the date of such redemption; and said bonds shall be dated on the date the work was completed and accepted by the City Council, and shall be payable at the State National Bank, Maysville, Ky.; but said bonds shall not be sold for less than par and accrued interest. The amount of said bonds issued for any one improvement shall be the amount of the unpaid assessments as shown by the Engineer's apportionment, together with the cost of advertising said bonds for sale, the making of same and all expenses attending the issue of same, and the total amount thereof shall be assessed equally by the feet front upon the property fronting, abutting or bordering upon said improvement. This improvement is undertaken under the provisions of Section 3572, and the amendments thereto of the Kentucky Statutes, and is to be paid for by the property holders abutting the property improved.

The assessment shall be made as soon as the improvement is fully completed and the sum assessed, together with the cost attending the sale and issue of said bonds as aforesaid, against each piece of property and the owners thereof shall be placed upon the tax list of the city, and shall be payable at the office of the City Treasurer in ten equal annual installments with interest at the rate specified in said bonds upon the unpaid portion thereof, and the said assessment shall be a lien upon the lots, parts of lots and parcels of land fronting, abutting or bordering upon said improvements and said bonds shall be issued upon the faith and credit of said assessments and there, but in no event upon the faith and credit of the City of Maysville. The first installment, together with interest as provided upon the whole amount at the rate specified, shall be payable at the first payment of taxes next succeeding the time the assessment is placed upon the tax list, the interest to be computed to the date that taxes are due and payable, and the other installments annually thereafter, and always at the payment of other city taxes, with interest on the installments not due at that time until all installments are paid. The assessment may be collected like other city taxes, or the city may at any time after one installment remains delinquent thirty days, by suit in equity, enforce its lien for all the unpaid installments, with interest thereon until the date of satisfaction of same, and its costs expended.

The bonds shall be numbered consecutively series No. —, from No. 1 to the number required, and shall be in denomination of five hundred dollars (\$500) each, except that one may be for a smaller amount than said sum to cover any remaining fractional part of \$500 said work may cost, with appropriate interest coupons attached. They shall all bear date of the acceptance of said work.

The said bonds shall not be issued upon the faith and credit of the City of Maysville for the payment thereof, but the faith and credit of the City of Maysville shall be pledged for the sums realized upon the apportionment against the property for the cost of the improvement of said streets, as in this ordinance provided, only after same shall have been collected and paid to the Collector and Treasurer, as in this ordinance provided; and said bonds shall be redeemable and payable, not on the faith and credit of the city, but out of and secured by lien on the assessments to be made and apportioned against said lots and parts of lots or lands abutting on the streets and parts of streets so herein ordered to be constructed and curbed. All money paid, received or collected upon the assessments against the lots, as in this ordinance provided to be made, and interest on the deferred annual payments, as provided in Section 5 of the Act approved March 28th, 1894, and the amendment thereto, passed and approved March 24th, 1898, and all money arising from the sale of bonds herein provided for, shall be kept by the City Treasurer in a separate fund, to be known as a "Street Improvement Fund," and said bonds shall be paid out of the amount realized upon said assessments to be made and apportioned upon the said properties abutting upon said streets and parts of streets as above, and said assessments secured, paid and collected as provided for in like cases in Section 5 of an Act of the General Assembly of the Commonwealth of Kentucky, entitled "An Act to Amend an Act for the Government of Cities of the Fourth Class," and the above mentioned amendment thereto, approved June 28th, 1893, and approved March 24th, 1894, and Sections of the Kentucky Statutes.

SEC. 7. All moneys received from the assessments in this ordinance provided to be made shall be appropriated and paid out upon the order of the Board of Council upon the City Treasurer, and for the payment of the interest and the redemption of the bonds which may be issued for the payments herein provided for and for no other purpose.

SEC. 8. The cost of said improvements, assessed against any piece of ground or owner thereof shall not exceed one-half of the value of such ground after the improvements are made, excluding the value of all buildings and other improvements upon the property so improved.

SEC. 9. J. Wesley Lee, Mayor; W. E. Kirwin, Clerk, and James W. Fitzgerald, City Treasurer, of the City of Maysville, Ky., are hereby appointed a committee to advertise for bids for improving said streets and parts of streets as in this ordinance provided, and in accordance with the specifications adopted by this Board and they shall adopt such means of advertising as in their judgment shall be productive of the greatest benefit and procure the largest number of bids, and the said bids to be sealed,

We don't need any of our instruments and very little of our optical knowledge when we sell stock lenses. When one has a thorough knowledge of optics and uses scientific instruments he usually finds that stock lenses will not correct the optical defects of the eye. If one sells nothing but stock lenses he has no use for grinding machinery. If one can get along with stock lenses, optical instruments and grinding machinery, and one will his stock lenses at the price of the special lenses of the manufacturing optician he certainly makes money selling glasses.

Baltimore, Md.—Mrs. W. H. Leon, at 1419 East Madison street, says: "For several years I suffered, off and on, from female troubles, until finally I was taken down and could do nothing. The pains I experienced I shall never forget. I lost weight till I was only skin and bones. I believe I would have been in my grave if I had not tried ardui. I shall praise it as long as I live." Many women, like Mrs. Leon, are weak and discouraged on account of some painful ailment. Are you one of these sufferers? Cardui will help you. Try it today. Any druggist.

Reduce the Cost of Heating

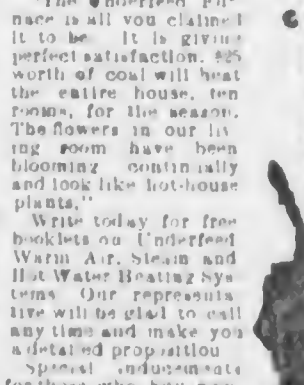

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 10% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound in your ears, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

It's time you were tired of the old, sloppy kind. Buy the Maline vest with the shoulder straps that stay up. This vest fits snugly—all over. Because it is designed to fit. Most low priced vests are designed merely to sell!

That's why you'll be surprised at the unusual value that is put into the

Maline GAUZE VEST

The lace edgings are of exclusive design and are made especially for Maline vests.

The fabric is woven from the softest, silkiest, cotton yarn. Yet the vest costs only 10 cents up. Be sure to remember the name—Maline—in every garment. Ask at the knit underwear counter.

Now is the Time to Buy SUMMER UNDERWEAR!

Maline Mills make are extra good quality and fit. Try them and be happy.
